parents. It's a great area  
for shopping and eating!!!

You have to have the love for the discipline of repetition.....because that is what any musician / performer does.....we do it again and again and again.....until every aspect is at a very high level and it becomes second nature and effortless.

That's what we do.....that's what practice is. There are no shortcuts.

Practice does not make perfect.....  
perfect practice makes perfect.

**We need adult help at the Colts  
Game this Sunday.....see Med or  
Penny Arney now!!!!**
